MEMORANDUM FOR: Director, Arms Control and Disarmament Agency
FROM: George Bush
SUBJECT: ACDA-Proposed Study, "Verification of Arms Control
Options in the 1980s"

1. I concur in your memorandum for the Special Assistant for National Security Affairs, "Verification of Arms Control Options in the 1980s," dated 29 June 1976, subject to deletion of the following sentence from the memorandum and the draft NSSM:

"It is expected that the chairman of this working group will request that a representative of the Director of the Arms Control and Disarmament Agency participate in the part 2 effort."

2. While I believe the sentence proposed for deletion is inappropriate for a NSSM, I appreciate that ACDA representatives can make a contribution to the assessment of our verification capabilities by an ad hoc intelligence group. Therefore, in accordance with the statement of policy in USIB-D-26.2/2, dated 22 September 1974 (Memorandum for the United States Intelligence Board, subject, "ACDA Relationships with the Intelligence Community") ACDA representatives will be invited to participate in the preparation of part 2 of the proposed study.
